

# BRINGING THE GOOD NEWS

## PRISON MINISTRY

### OVER 300 PRISONS

The Kenyan Commissioner of Prisons has requested that Jesus Alive establish our Christian Discipleship Program (CDP) Teaching Centers in more than 300 prisons as an official part of their rehabilitation curriculum.

### EVANGELISM

Our local Evangelist preaches the gospel at the CDP launch. With a salvation rate of 53% to date in the prisons, we are witnessing hardened prisoners weep as they pray the prayer of salvation and surrender to Jesus. Captives being set free!

### DISCIPLESHIP

Our CDP training consists of over 50 hours of Bible-based teaching which is translated into multiple African languages, allowing attendees to learn from the Word of God in their own language.

### Results to date:

During 2018 we established CDP Teaching Centers in 14 prisons and recorded 6,720 salvations after 12,616 prisoners attended our teaching sessions.

During the first quarter of 2019 we expanded into an additional 3 prisons and recorded 899 salvations with 1,857 prisoners attending our teaching sessions.

## CAD 3,200

At the cost of only CAD 3,200, we establish a permanent CDP Teaching Center in a prison. This covers the cost of equipment, transport, meeting expenses, Graduation Certificates and token gifts for the prisoners. We also hold a Graduation Ceremony at the prisons for the prisoners who have completed the full 50 hours of teaching

We are excited about this open-door opportunity to expand into effective Prison Ministry and the impact that it is having on men and women who find themselves in an otherwise hopeless situation.

We are receiving many testimonies of prisoners whose lives have been changed through this ministry. Mary Khaamba, the National Director of Offender, Correction and Rehabilitation, has informed us that she has seen a remarkable change in the behavior of the prisoners and believes that the Gospel is the only way to true rehabilitation.

The Kenyan Commissioner of Prisons had originally requested that Jesus Alive introduce and install our CDP teachings into 119 prisons but has now requested that we expand to every prison in Kenya - more than 300 prisons. In order to designate one of our senior Kenyan Evangelists to focus full time on Prison Ministry, we have needed to increase the sponsorship amount to **CAD 3,200**. This will facilitate a greater impact and the opportunity to reach more prisoners with the Good News.

The impact of the Graduation Ceremony for the prisoners who have completed the 50 hours of teaching is heart-wrenching. A new sense of self-worth is restored as they wear their graduation gowns and receive their certificates in front of an audience made up of their fellow prisoners, prison authorities and family members who are invited to attend.

Please help us to reach more prisoners.
